## A WELL-LAID SCHEME

SUCCESSFULLY CARRIED OUT, BUT DISCOVERY FOLLOWS.

A Forged Draft for \$7,000 on the Win-nipeg Branch of the Bank of Montreal is Cashed in Chicago, but the Swindler is Arrested in San Antonio, Texas.

One of the shrewdest bank forgeries and swindles on record turned up recently before Justice Lyons, when warrants were taken out charging one A. F. B. Butler, alias C. S. Butler, with forging a draft for \$7,000 on the First National bank of Chicago a draft of \$7,000 on the Bank of Montreal at Winnipeg. The draft was made, apparently, by the Mont-real branch of the Bank of Montreal in favor of Butler. A. Butler was unknown to the officials of the First National bank, who requested him to call again in a day or two. This he agreed to do, and in the meantime the First National sent the draft on to the bank at Winnipeg, with an explanatory letter. In a few days the reply came back from the Bank of Mont-real in Win-ipeg, and with it the money. The Montreals were satisfied with the evidence. Two days afterwards Mr. Butler drew his money and left town. Then the Winnipeg branch of the Bank of Montreal flashed back word that it had issued no such paper. The wires were set in motion and the bank detec-tives took up the case and in a few days Butler was apprehended in New York, Tex. Butler, who was formerly employed as a clerk by the Bank of Montreal, is believed to have stolen some of the bank's stationery as the form on which the draft was written was that of the bank itself and the accompanying letter was also written on the regular letter head of the institution. Officers have left for San Antonio to bring the alleged forger back to Chicago.

The above dispatch will explain the news item which appeared some time ago regarding an attempt to defraud the Bank of Montreal in Winnipeg. The news item was most indefinite, but it was plain from the fact that a man had presented a forged draft at Win-nipeg. As the bank's manager in Win-nipeg declined to say anything and the police said they knew nothing of the matter, it was impossible to get at the facts. This Chicago dispatch, however, clears up the mystery.

This forgery is identical with that at-tempted in New Westminster recently, the forgers having evidently acted in con-sult. The only difference in the cases is that the forged draft on Winnipeg was cashed while that on the coast institution was detected. The similarity of the cases is shown by the following taken from the Toronto Evening News.

Manager Broderick, chief of the Tor-on-to branch of the Bank of Montreal, are endeavoring just now to identify a swindler and forger of more than ordi-nary ability and daring. The very smug man is presently in New Westminster, B.C., where he was arrest-ed while attempting to cash a forged draft on the bank. Sometime ago a man giving his name as C. S. Butler, called at the New Westminster branch bank and presented a draft of \$5,000 for payment. The draft was drawn on the Calgary branch and bore the signatures of Messrs. E. P. Winslow, proprietor of the Toronto bank, and A. L. Blanchard, pro-accountant of the branch in Montreal. Butler was induced to call later on the pretence that the manager was out, and meantime the branch in Winnipeg was wired and a reply was sent that the draft was a forgery. When Butler returned he was at once arrested. It is believed that Butler must have stolen the draft from the Toronto office, as it is one of their draft forms. He then fled and went to the coast to cash it.

It is thought that Butler is another of the most brilliant swindlers of the coast, and that he has recently come from there after swindling scores of people. He is believed to be in Canada.

Individuals Who Require to be Under Constant Surveillance.

Winnipeg at the present time is in a state of constant surveillance. The police are on the alert for any one who is suspected of being a swindler or forger. The police are on the alert for any one who is suspected of being a swindler or forger.

There was a certain hotel, centrally situ-ated, on North Main street, where the swindler was arrested. Both when he was arrested and when he was released, he was surrounded by a large number of police officers. The swindler was released on the condition that he would remain in the city for a period of two weeks. The police are on the alert for any one who is suspected of being a swindler or forger.

## BRITISH COLUMBIA NUTS.

Items That Will Interest Those Who Look Towards the West.

The Bank of Montreal are contem-plateing the erection of a handsome stone building for their branch in Victoria.

The heirs of Driver Smalley, who was killed in the spring while driving an engine to a fire have issued a writ against the city for two thousand dollars.

A Pioneer society consisting of residents of Vancouver before the great fire of 1886 was formed recently for benevolent and social purposes. M. A. McLean, formerly of Winnipeg, Vancouver's first mayor, was elected president, and John Rankin, formerly of Winnipeg, secretary.

George M. McKenzie died suddenly at Ross Farm, Parsons Bridge, B. C., aged 72 years. He was one of the pioneers of the Northwest, crossing the continent in 1849 as chief mechanic for the Hudson Bay Company. He built the first saw mill ever put up in British Columbia.

Twenty miles of the British Columbia Southern railway have been definitely located in East Kootenay. The line lo-cated runs along the east side of Elk river to the confluence of the valley of Michel creek on the left side of the valley of Michel creek to the crossing of the river, thence along the right bank of the same creek.

The sixteen full-blood Indians from the Chinook, Nuxalk, Nootka, Chehalis and Quetta tribes from Fort Rupert, at the north end of Vancouver Island, B. C., who went to the World's Fair, are now travelling over the Soo line enroute home. They were on exhibition at the fair all summer, the party consisting of nine bucks, five squaws and two papooses.

The manager of the Hamilton Bridge company wired the officers of the com-pany at Hamilton from Selkirk range, B. C., that the great bridge erected there for the company for the C. P. R. had been practically completed, the last span being now in position. Not a single accident has happened during the bridge's erection. The bridge is the largest of its kind in Canada.

The young man giving his name as C. S. Butler, who was arrested at New Westminster for attempting to negotiate a forged five thousand dollar draft on the Bank of Montreal, was brought before the police magistrate and remanded for a few days.

It is learned that Butler is not the real name of the unfortunate young man but Gillett, and it is believed he was not the forger of the draft, but a tool in the hands of more experienced swindlers. Gillett was formerly in the service of the Bank of Montreal, and was last station-ed at Pictou, N.S.

Near Hell's Gate, B. C., on the North Thompson river, a rock train party re-cently found a Frenchman who appeared crazy, could speak little English, without clothing below his waist except a pair of tattered shoes, and from the thighs down torn and bleeding from contact with brush and briars. He was across the river from the trail and said he came from Cariboo and was looking for the coal mines to get work. He had had nothing to eat for eight days except berries.

Sometime ago the Selkirk house at Donald was destroyed by fire. The blaze originated in the cellar and was soon beyond control. The postoffice and general store adjoining was also destroyed. It was owned by R. W. Pattinson. Both buildings were reduced to ashes inside of the hour. The contents of the hotel saved, the personal effects. The greater part of the hotel furniture was destroyed. Mr. Pattinson saved the postoffice effects and the greater part of his stock. Both losses are covered by insurance. Com-pensations represented in Winnipeg are in-terested.

Sure Case of Suicide.

Thos. Harkness, of Alton, Ont., aged 47, was found dead recently on the road between Alton and Erin with his throat cut. Deceased had recently returned from Montreal. A lying near the body was an open knife, fastened with blood and an empty laudanum bottle. A coroner's inquest was summoned and the jury returned a verdict of suicide. The case was a very unusual one, and a care-ful examination and inquest were necessary. Deceased was financially embarrassed and was unable to support his family. He was found with a deep cut in his throat, and it is supposed to have been caused by a temporary aberration of mind.

Thos. Harkness.

For a kitchen floor, especially one that is rough and uneven, the New York Tribune recommends the following glue (said to be three pounds of yellow glue and one pound of white glue, dissolved in dry white glue, and mix well together. Dissolve two ounces of glue in one quart of water, stirring until smooth and nearly boiling. Then the glue water, after the mixture of white glue, will be spread evenly upon the floor. For a common paint brush, apply hot. This will fill all crevices of a rough floor. It will dry soon and when dry apply a second coat with a clean brush. In a few hours it will be found dry enough to use by laying papers or mats to step on for a few days. When it needs cleaning use hot suds.

Chicago's Way of Doing It.

Chicago is bound not to be dilatory in bringing the slayer of Carter Harrison to justice. The murder was committed Saturday night; on Sunday a coroner's jury held the prisoner for the action of the grand jury; on Monday the grand jury held him for murder, and on Thursday he was arraigned for trial. There is no doubt that the stretched man's guilt and the popular indignation is natural, but it is possible to display an unseemly haste in bringing him to his doom. But Chicago always did have a way of its own.

Instantly Killed.

James Finn, employed by the C.P.R., at Coupe Stone cut, seven miles east of Cochrane station, was killed a few days ago. Deceased was engaged in driving a horse attached to a dump car running on a narrow spur track, and was last seen alive by George Dee, a brickman, who gives the particulars of the accident. Deceased, as Mr. Dee states, was on the usual trip to the dump, and as was his custom when nearing the end of the run, had drawn the snath bar and was running along the side of the track slightly in lead of the car. The next he saw of the unfortunate man was his body lying

in the centre of the track with his left foot across the rail, the car having passed over the body. He died. Death was instantaneous. Deceased was 32 years of age and a native of England. Word of the accident has been sent to his mother who lives at 183 The-nton road, Brail-ord, England.

## BORNE TO THE GRAVE.

The Remains of Chicago's Murdered Mayor Consigned to the Earth.

A few days ago in the presence of a multitude and amid evidences of a most able of poignant grief the casket containing the body of Chicago's murdered mayor was borne to the grave. All night long the same ceaseless procession passed either side of the casket in the corridor of the hall. At 9 o'clock 5,000 people were still waiting admission to the eastern portion, the funeral arrangements had never necessitated the closing of the doors. The casket was then lifted from the bear and laid closed. On top was placed a Maltese cross with the inscription, "Fa-ther," and a pillow of lilacs with the name "Papa," tributes from deceased's daughters and sons. In the meantime the various societies and organizations whose representation in the parade had been accepted, were formed on the lake front and streets adjacent thereto. At last past 9 o'clock the doors of the build-ing were reopened and the casket borne down the steps and placed on a funeral car by eight study members of the police and the city's fire department. The casket was then headed by a platoon of police, was at once begun. It comprised bands of music, a number of city officials, two detachments of the Fifteenth In-fantry, a company of the First Regiment of the National Guard, delegates of one of the police departments, the Chicago Hussars, the honorary pall-bearers and a number of civic organizations. There were 30,000 mourners in the line. The route was by principal streets to the church of the Epiphany. The members of the family, Miss Howard, her brothers and a few intimate friends had been driven to the edifice in advance of the arrival of the procession and shown to seats in pews immediately facing the altar. To the rest of the edifice were ad-mitted the immediate neighbors of the deceased and the officials of the state and city. Here Rev. Dr. E. N. Morrison met the body as it was brought in, and the casket was placed on a dais in front of the chancel. Brief services of the Episcopal church were read, and after an eloquent tribute to the life of the deceased and the singing of hymns, the pro-ceedings resumed its way to Grant's cen-tery where the remains were placed in a receiving vault.

## Villard Answers Under Oath.

Henry Villard, of New York, has filed his answer under oath to the complaint in the \$500,000 case in the office of the clerk of the United States circuit court for this district. The complaint charges that Villard was a part owner of the Chicago terminal properties which were acquired by the Northern Pacific Railroad company and that by bringing about the acquisition of these properties by the Northern Pacific company he secured great profit to himself. Villard's answer is a denial under oath of each of the charges made in complaint.

The next he saw of the unfortunate man was his body lying

## Sent the Sheriff In.

The city corporation of Montreal having paid no attention to the repeated demands that it settle its indebtedness to the province for the new court house, some \$88,000, the local government recently in-spected the sheriff to collect the amount due. Accordingly the bailiff entered the treasurer's office some time ago and de-manded possession of the civic assess-ment rolls for the purpose of levying the amount upon the taxpayers direct, ac-cording to the provisions of the law gov-erning the construction of court houses. The finance committee was hastily sum-moned and on application of the mayor, Attorney-General Casgrain consented to waive proceedings to enable the city to endeavor to arrive at an amicable settle-ment.

# THE GREAT SOUTH AMERICAN NERVE TONIC

## AND STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

Chronic Diseases are caused by Deranged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVE TONIC has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVE TONIC is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

## Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVE TONIC is a great nerve food and nerve builder and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

## In Bed Six Years

HARTFORD CITY, Blackford Co., Indiana, June 8, '93. South American Nerve Tonic Company. GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVE TONIC, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I would have vomiting spells, and there would be from eighteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could not live. I got to having spells like spasms, and would be cold and stiff for a time after each. At last I lost the use of my body - could not rise from my bed or walk a step, and had to be lifted like a child all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I could eat and sleep good, and my friends could scarcely believe it was I. I am sure this medicine is the best in the world. It was a god send to me, and I believe it saved my life. I give my name and address, so that if anyone doubts my statement they can write me, or our postmaster or any citizen, as all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN STEITZ. Will a remedy which can effect such a marvellous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS. PETERBORO, Ontario, June 27, 1893. To the Proprietor of South American Nerve Tonic. DEAR SIR, I have much pleasure in recommending the great SOUTH AMERICAN NERVE TONIC to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my druggist. I also induced my wife to use it, who, I must say, was very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVE TONIC the greatest remedy ever discovered, and would recommend it to everyone.

MAN. W. T. EMMINGER. State of Indiana Montgomery County, ) ss: Subscribed and sworn to before me this May 19, 1887.

CHAS. M. TRAVIS, Notary Public.

## A WONDERFUL CURE FOR INDIGESTION and DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful, that so many complain of Indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay, and the Stomach, to repair the waste of tissue constantly going on in the system.

## The South American Nerve Tonic

Is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRIVIAN, SAYS. I have been for about ten years very much troubled with indigestion and dyspepsia, have tried a great many different kinds of patent medicines and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVE TONIC. I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend all my fellow sufferers from the disease, to give SOUTH AMERICAN NERVE TONIC an immediate trial.

(My signature) Reuben E. Trivian. Walkerton, Ontario. Price, One Dollar.

## LET US SHOW YOU

what you ought to see at the earliest possible moment, the most complete line of ladies' shoes in all sizes. If you fail to see it you have missed your footing so to speak, and are not properly equipped for the season. We can show you just what you need for all occasions and all weathers both for indoor and outdoor wear at figures too low to be equalled at any store in this country. It's well enough to take time but usually, if you take time you can't take a bargain, because it's gone before you arrive.
